

Hotel Hallelu

One night while I was prayin' the Spirit carried me away
To a land of praise and worship far beyond the Milky Way
I saw a crystal palace filled with laughter and with light
It said, "Hotel Hallelujah" and they're open day and night

I walked into the lobby welcomed by an angel host
He said we have rooms of love and peace in the Holy Ghost
I heard a choir singing like I never heard before
Lord those higher praises lifted me up off the floor

Before I knew it my feet began to dance
I felt so fine I had to clap my hands
I checked in to Hotel Hallelu
I said I checked in to Hotel Hallelu
Well you can check out if you please
I don't ever want to leave
The Hotel Hallelujah
Hallelu – jah

I went down to the restaurant thought I'd get a bite to eat
The chef said fruits of the Spirit are our specialty
We have manna made in heaven Bread of Life freshly baked
For your entertainment our choir will serenade

Before I knew it my feet began to dance
I felt so fine I had to clap my hands
I checked in to Hotel Hallelu
I said I checked in to Hotel Hallelu
Well you can check out if you please
I don't ever want to leave
The Hotel Hallelujah, Hallelujah, Hallelujah, Hallelu
Well you can dance all night if you please
Shout and sing I am free!
Hey, You won't disturb the peace
Your neighbor is the Holy Ghost you know he never sleeps

Before I knew it my feet began to dance
I felt so fine I had to clap my hands
I checked in to Hotel Hallelu
I said I checked in to Hotel Hallelu
Well you can check out if you please
I don't ever want to leave
The Hotel Hallelujah, Hallelujah, Hallelujah, Hallelu
Yeah
